

Unison

Strategic Consulting including programme development /facilitation

Othella developed and delivered of a one day development workshop for Unison in Manchester

“Confidently presenting” an introductory workshop with practical activities to improve presentation techniques

Specific Outcomes achieved;

- Participants were able to understand their own barriers to communication
- Participants identified skills to improve delivery of power point presentations
- Participants developed an action plan improving presentation skills
- Improved confidence and communication skills

Each individual developed an action plan to take back to their organisation to support the development of their communications skills and delivery methods

100% of learners achieved their outcomes

100% of learners identified further support or additional training they needed on the subject.
